Mr. Bill Leuschner  
World Bldg.  
New York City

Dear Bill:

I want to give an answer to the party who asked me about playing the benifit game in Belmar. Please let me know if it will be possible. They want two Negro League teams, and we will of courée go in on a flat rate. They are asking for a monday night.

I do not think it is a bad idea to cooperate with the different groups if they are really working for a worth while charity, but I dont want to go to Belmar if it will conflict with the other games.

They had asked for June 16th. This would not be a good date for us as we may be in Norfolk the day before. However you could suggest the best monday for all concerned, and let me know.

I sincerely hope we will all have a good season I believe there should be a living for all concerned. If you have any program, in which you would like my cooperation do not hesitate to contact me.

Vrey Truly Yours
